## Multi Organ Donation & Allocation

The Multi-Organ Transplant allocation policies have led to potential inconsistencies in the organ distribution process. During this webinar, we will delve into the current state of multi-organ allocation, including a review of the associated ethical considerations. We will be joined by Dr. Nicole Turgeon, Vice Chair of the Policy Oversight Committee, who will share insights on current OPTN policy development as well as considerations for future policy development with respect to continuous distribution.

### At the end of the webinar, participants should be able to:

- Identify the ethical considerations of multiorgan allocation.
- Describe the current status of Multiorgan Allocation.
- Summarize current OPTN Policy Development.
- Discuss considerations for future policy development in the context of continuous distribution.
